Dear Andre,

On behalf of XBRL International, it is my pleasure to invite you to attend the upcoming Data Amplified 2017 conference "The Future of Business Reporting".

This highly attended conference will take place on 6 – 8 November, 2017 in Paris at the Paris Marriott Rive Gauche Hotel & Conference Center, 17, boulevard Saint-Jacques, 75014 Paris, France. The event provides an international stage for governments, regulators, financial and banking institutions, supervisors, public companies, subject matter experts, accounting and auditing professionals, analysts, filers, tool providers and consultants to share the benefits and learn from live case studies using the XBRL standard for electronic business reporting and how it is being implemented around the world.
